APPROVAL _____ OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
 and do hereby grant the same, subject to the following limitations and
 conditions: This permit is issued subject to all existing rights on
 the source and is limited to what the well will produce but not to
 exceed 3.0 c.f.s. It is understood that this right must allow for a
 reasonable lowering of the static water level at permittees well due
 to other ground water development in the area. A substantial weir or
 other type of measuring device must be installed and measurements of
 water use kept, and a method provided, either air line or opening, for
 measuring depth to water. The State retains the right to regulate
 the use of the water herein granted at any and all times.

The amount of water to be appropriated shall be limited to the amount
 which can be applied to beneficial use, and not to exceed 3.0 c.f.s.
 cubic feet per second, or a yearly duty of 4.0 acre-feet per acre of land
 irrigated.

Actual construction work shall begin on or before July 22, 1958

Proof of commencement of work shall be filed before August 22, 1958

Work must be prosecuted with reasonable diligence and be completed on or
 before July 22, 1959

Proof of completion of work shall be filed before August 22, 1959

Application of water to beneficial use shall be made on or before
July 22, 1961. Proof of the application of water to beneficial

use must be filed with State Engineer on or before August 22, 1961
